Forecast For Wales
Issued by Met Office Exeter
at 0400 on Monday 20 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with long sunny spells. Fog patches forming nightly.

Today:
Any fog in the southwest will clear through the morning to leave a dry day with plenty of sunshine. Light winds and feeling warmer than on Sunday. Maximum temperature 21 deg C (70 deg F).

Tonight:
Late sunny spells turning hazy as high-level cloud arrives. Dry for most overnight, though a few northern showers possible. Fog patches forming under largely clear skies in the south. Minimum temperature 8 deg C (46 deg F).

Tuesday:
Dry with hazy spells of sunshine on Tuesday. Patchy cloud will develop through the day before clearing towards the evening. Fog likely overnight. Maximum temperature 21 deg C (70 deg F).

Outlook for Wednesday to Friday:
Patchy light rain and sunny spells on Wednesday before rain crosses the country overnight. Windy and mostly dry on Thursday, with sunny spells. Windy with some early rain on Friday.
